

## *The Columbarium:* a Dignified, Cost-effective Memorial

Our new, modern columbariums are a respectful, economical way to honor loved ones and memorialize their urn in a tranquil resting place. In a columbarium — also called a crematorium niche — ashes are placed in an urn, which is placed into the niche and then sealed. Each niche can hold one or two urns.

Surrounded by well-tended greenery, our serene columbarium areas feature well-placed stone benches where family and friends can pay their respects to a loved one in an atmosphere of spiritual comfort and peace.

### **PRICING:**

Price per niche:

- Interment and inscription of name and dates for first person, plus inscription of name and date of birth for second person: \$1,400
- Interment of second person when he or she passes, plus inscription of death date: \$400

# Reassurance. Respect. Remembrance.

Discover a quiet, meditative place to honor the people engraved in your memory and etched on your heart.

# Welcome to Middletown Cemetery

Built prior to the Civil War, the Middletown Cemetery has been the final resting place of beloved community members for over 150 years. With financial stability, a nonprofit mission and continual improvements to the grounds, this tranquil oasis will continue to serve the area for centuries to come.

## A Historic Resting Place with Modern Enhancements

From the moment you walk onto the peaceful grounds of the Middletown Cemetery, you feel a sense of history and honor. First opened in 1855, and adjacent to the grounds of the Penn State University at Harrisburg, our cemetery is the final

resting place of many Civil War servicemen, as well as cherished community members. In a special section for remembering our fallen military heroes, proudly flying flags memorialize each headstone.

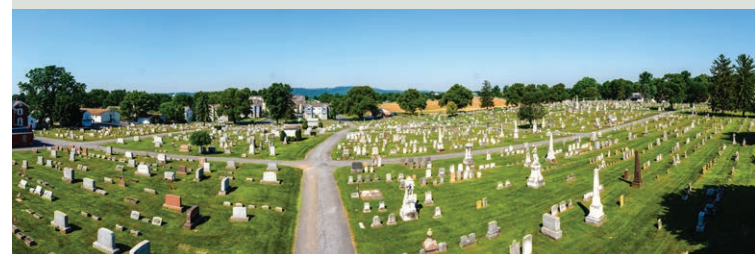

Our conscientious team carefully tends the grounds, decorated with flower beds and beautiful plantings nestled among mature, old-growth trees. This well-maintained environment, with its paved

walking paths and spots for quiet meditation, offers you and your loved ones the security and peace of mind that you deserve.

## A Lasting Gift for Your Loved Ones

Although it's not an easy subject to address, pre-planning relieves your family of the burden of making decisions for you during a very stressful time; however, we understand that every family's circumstances are unique. Regardless of whether you have an immediate need or are planning for the future, our compassionate staff is there to offer support during this difficult period and assist with a variety of burial services, from traditional options to our modern columbariums.
